#### IMPORTANT LEGAL INFORMATION FOR USAGE OF THE MTEXTUR-DATABASE AND MTEXTUR DATASHEET:

In the mtextur-database and the mtextur-datasheet you can find a variety of high-quality digitalized materials, classified according material-type and subtype, color scope, field of application, manufacturer and product-line. The liability of the colors and the pattern of a CAD-texture can not always be guaranteed. For binding samples and additional questions please get in contact with the manufacturer or reseller directly (request link on material page). The information found on the mtextur-database is carefully collected and tested. Nevertheless are there possibilities for mistakes or wrong information. The publisher, h2c GmbH, the according manufacturers and resellers are not liable for any missing or incorrect information and its outcome, except h2c GmbH acts insofar willful.

|                      |  |
|----------------------|--|
| max. Length / Format | Length = 3000 mm / Width = 1000 mm   |
| min. Format          | Width = 150 mm   |
| EN/DIN               | DIN 18516, Teil 1 Außenwandbekleidung  |
| Characteristics Info | Tile facades from MOEDING can take on any shape and form. Due to the latest technical systems, nearly any desired form can be produced – whether bent, waved or based on a three-dimensional shape. There is also the greatest of flexibility in the color design. From natural brick colors to glaze colors as desired to special effect glazes or manual color design – there are no limits to one's imagination here. |
